Benefits We Provide

Many of our clients have Office 365 in place within their organizations, but are struggling to effectively leverage the investment their organization has made in the tool for ediscovery purposes. Through our deep-rooted expertise in Equivio and Office 365, we are well positioned to guide clients in how to best leverage this new and innovative technology to drive efficiency and lower the cost of their ediscovery programs.

Lighthouse's Office 365 Suite of Services are flexible, powerful, and scalable giving you greater transparency, improved predictability, and lower cost.

Microsoft and Office 365 are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.

About Lighthouse

Lighthouse provides software and services to manage the increasingly complex landscape of enterprise data for compliance and legal teams. Lighthouse leads by developing proprietary technology that integrates with industry-leading third-party software, automating workflows, and creating an easy-to-use, end-to-end platform. Lighthouse also delivers unique proprietary applications and advisory services that are highly valuable for large, complex matters, and a new SaaS platform designed for in-house teams. Whether reacting to incidents like litigation or governmental investigations, or designing programs to proactively minimize the potential for future incidents, Lighthouse partners with multinational industry leaders, top global law firms, and the world's leading software provider as a channel partner.
