Why Lighthouse?

Since 1995, Lighthouse has evolved from moving pallets of paper to managing petabytes of data globally. With hard work and commitment, we've innovated along with our clients, and now provide information governance, compliance, and ediscovery technologies and services to Fortune 500 companies and Am Law 100 law firms. Our clients are leaders in their field, highly innovative, and highly pragmatic.

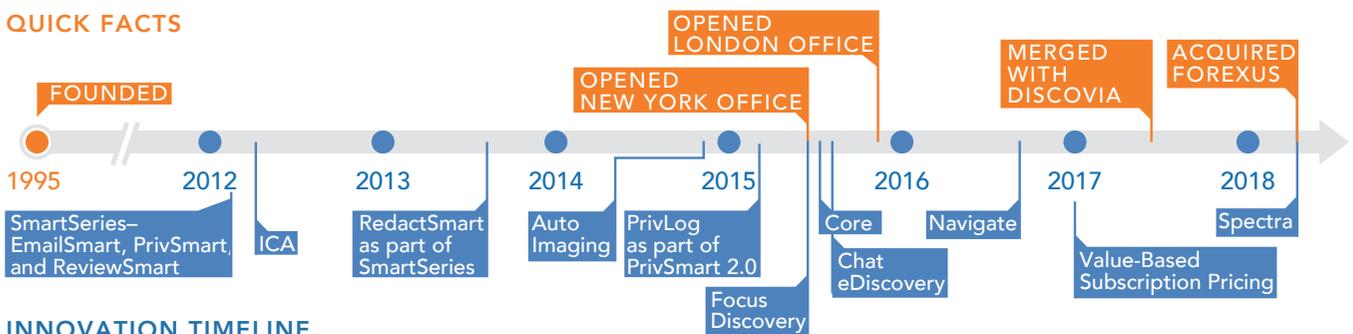

We have developed our technologies and tailored our services and our approach to solve persistent challenges, with innovation and pragmatism always at the forefront. This approach has led Lighthouse to become the fastest-growing company in our field worldwide.

Smart Innovation

At Lighthouse, we have built a culture of innovation – it's at the heart of everything we do. We simplify complex problems using a combination of proprietary innovations and best-in-class, third-party technologies, leading to new and better solutions for our clients.

Best-In-Class Expertise

Our team has collectively worked on more than 5,000 matters with clients including the world's largest technology, pharmaceutical, financial services, and retail firms. Lighthouse has long-term partnerships with these multinational companies because we provide expert advice at the forefront of best practices and workflows. We continuously train and develop our teams, broaden our experiences, and deepen our knowledge to offer an elevated level of guidance.

“It is a rare opportunity to have such an engaged business partner with the high level of professionalism, experience, and acumen. With the considerable amount of work and projects we have before us, it gives me a great deal of comfort to know that we have a business partner that has our best interests in mind.”

About Lighthouse

For 25 years, Lighthouse has provided innovative software and services to manage the increasingly complex landscape of enterprise data for compliance and legal teams. Lighthouse leads by developing proprietary technology that integrates with industry-leading third-party software, automating workflows, and creating an easy-to-use, end-to-end platform. Lighthouse also delivers unique proprietary applications and advisory services that are highly valuable for large, complex matters, and a new SaaS platform designed for in-house teams. Whether reacting to incidents like litigation or governmental investigations, or designing programs to proactively minimize the potential for future incidents, Lighthouse partners with multinational industry leaders, top global law firms, and the world's leading software provider as a channel partner.
